(By Warrington Dawson, Staff Corres-

pondent United Press.) Mombasa, East Africa, April 22 .-Colonel Roosevelt will probably get his first chance at African game to-morrow. The change in the hunting plans of the Roosevelt hunting party were made to-day as a result of which the party will spend a week in camp on the Kapiti plains before coming to the Kapiti plains before coming to Nairobi and the ranch of Sir Alfred Pease. The hunting party left Mombasa this afternoon at 2:30 o'clock and the members will disembark to-night and after a short rest, the hunting on Kapiti plains will begin. If the present plans do not miscarry the Colonel will do his first shooting to-morrow. Antelopes, Ostriches and small game abound on the Kapiti plains, and Mr. Roosevelt anticipates a good bag.

F. J. Jordan presided at the dinner and toasted both King Edward and Mr. Roosevelt. When the latter rose to respond he was greeted by cheering that lasted fully five minutes. The demonstration was so cordial that the ex-President seemed momentarily embarrassed. Mr. Roosevelt said that the greatest surprise he had encountered in Africa was the beauty of the scenery which far surpasses his expecta-tions. He declared he had seen so many evidences of civilization that he was beginning to be skeptical regard-ing the existence of jungles, a skepti-cism which he hoped soon to have re-

FRED HARVEY THE MAN . WHO DID A REAL THING

Every railroad has one or more attractions of which they are particularly proud. Meet a Sante Fe man and he will boast of many things, but he will probably talk loudest of the meal Mr. Roy Cullen and Mr. William Mc-Donough, of Springfield, delegates to the Beta Sigma dance of the local chapter, last Friday evening, are guests of Mr. Edward McKeever, on Noble avenue. They remained over to service. For many years the railroad restaurant was a stock joke among funny men; a never falling resource when other inspiration failed, but when when other inspiration falled, but when Fred Harvey took charge of that long chain of dining cars and restaurants extending from Chicago to California, the joke lost its point so far as the Sante Fe is concerned. This company has just issued an appreciation of Fred Harvey. It is in the form of a namph. patrons. Many of the strongest scenes could be played in pantomime so little do they depend on the lines that the players read. In this regard they are like some of the best scenes in Shakespearean dramas. Like all really good dramas, including "Hamlet" and "Julius Caesar", it appeals to the emotions that are common to all humanity and ret to that small deliciously naive not to that small deliciously naive class that modestly styles itself the in-tellectually superior one. "Montana", which will be seen tomorrow and Sat-urday, is a dramatic gem that sparkles against all environments. There is against all environments. There is scarcely a passion known to humanity that it does not show in its utmost strength and with all those human passions are so closely woven in the threads of the drama, that it stands unrivalled as regards powerful effects and deepest pathos. The most important light opera event of the present season will be the appearance next Monday evening of Fritzi Scheff in Charles Dillingham's production of "The Prima Donna", the new comic opera success written for Madame Scheff by Henry Blossom and Madame Scheif by Henry Blosson and Victor Herbert. Strange for a comic opera, the play has an interest that is at times really gripping and the story is developed very skillfully. So dramatic is the plot, in fact, that it gives Mme. Scheff the opportunity to demonstrate that she possesses real talent onstrate that she possesses real talent as an emotional actress as well as being the best prima donna on the light opera stage today. From this it must not be gathered that "The Prima Donna" is heavy, for Henry Blossom has put in it his most sparkling lines and most brilliant lyrics, and he prov-ed with "The Red Mill" and "M'lle Modiste" that as a librettist he has no superior in this country. Victor Her-bert is said to have outdone himself with the music.
